[Redacted] Should be good to go on the upload.

Keep an eye out for a WAF. I requested an extension a few weeks to RAC end next summer which should be coming over. I think contracts is looking to issue the extensions for all WAs in one WAF. Obviously let me know if 12/6 comes and you don't have anything.

Thanks -- Chris

Hi Chris,
You should get an email from [Redacted] providing a link to a OneDrive folder, in which you can place the report. Hopefully that will work.

Also, just a reminder that the POP for [Redacted] and Keystone LF (WAs 62 and 63) ends on Dec. 6.

Thanks,

Good morning. I realized from your recent progress report that I never passed along the Phase 1B report for review. I'd like to see if you could add it to your to-do schedule. It's 100 MB. Let me know if you have a way I can get that to you remotely, otherwise I'll prepare a CD.

Hope you guys have a great Thanksgiving - Chris
